

# How to find your HP WallArt PSP code

## Current Version (HP WallArt Suite)

1. Go to the "Settings" tab.

The screenshot shows the HP WallArt Suite dashboard. The top navigation bar includes 'Dashboard', 'Orders', 'Customers', 'Templates', 'Content', and 'Applications'. A 'YouNique' user profile is visible in the top right, with a dropdown menu containing 'Settings', 'Printers', and 'Log Out'. The 'Settings' option is highlighted with a red box. Below the navigation bar, the dashboard displays a 'Dashboard' section with a welcome message, an 'Orders Summary' table, and a 'Your Applications' section with three application icons.

Order #	Product	Date	Amount
Order: #146775	Wallpaper	02/19/16 16:55	529.63 \$
Order: #146756	Canvas	02/19/16 15:26	33.67 \$

2. Click the "Tablet Application" menu.

The screenshot shows the 'Settings' page in the HP WallArt Suite. The page is divided into 'Company settings' and 'Access Information'. The 'Access Information' section includes fields for 'Username' (YouNique), 'Email' (youniquedeco@gmail.com), and 'Default language' (English). The 'Company Information' section includes fields for 'Company Name' (YouNique), 'Street' (HP premises), and 'City' (Barcelona). On the right side, a sidebar menu lists various settings categories, with 'Tablet application' highlighted by a red box.

- Settings
  - Company settings
  - System Configuration
  - Application Settings
    - Wall Covering
    - Wall Poster
    - Wall Decal
    - Canvas
    - Tablet application**
    - Content providers
  - Integrations

3. Click on "Allow incoming jobs from iPad and Android tablets".

The screenshot shows the HP WallArt Suite interface. At the top, there is a blue header with the HP logo and 'HP WallArt Suite' on the left, and 'Help Center' and 'Younique' with a gear icon on the right. Below the header is a navigation bar with 'Dashboard', 'Orders', 'Customers', 'Templates', 'Content', and 'Applications'. On the right side of the navigation bar are 'Stats' with a bar chart icon and 'Revert to previous version' with a left arrow icon. The main content area is titled 'Settings' and 'Tablet application'. Below the title is a sub-header 'Tablet application' and a paragraph: 'Tablet App allows you to visualize your design in a real environment. In this section you can configure it or get the necessary information to do that.' There is a checkbox labeled 'Allow incoming jobs from iPad and android tablets' which is currently unchecked. To the right of the checkbox is a small circular icon with a question mark. Below the checkbox area are 'Cancel' and 'Save' buttons. On the far right, there is a vertical sidebar menu with 'Settings' at the top, followed by 'Company settings', 'System Configuration', 'Application Settings', 'Wall Covering', 'Wall Poster', 'Wall Decal', 'Canvas', 'Tablet application' (which is highlighted with a blue bar), 'Content providers', and 'Integrations'.

4. You will find here your HP WallArt PSP code, which is an alphanumeric key.

The screenshot shows the HP WallArt Suite interface, similar to the previous one. The 'Tablet application' checkbox is now checked. Below the checkbox, there is a text box containing the instruction: 'Copy and paste the code showed below into the iPad and Android tablet HP WallArt application to link it to your account or scan this QR code:'. Below this text is a red-bordered box containing the alphanumeric code '9EDB69'. To the right of the text box is a QR code. Below the main content area are 'Cancel' and 'Save' buttons. The sidebar menu on the right is identical to the previous screenshot.

## Previous Version (HP WallArt 3.0)

1. Go to the “Settings” tab.

The screenshot shows the HP WallArt Solution dashboard for a user named 'Younique'. The 'Settings' tab is highlighted with a red box. The dashboard includes a navigation bar with 'Sign out', 'Orders', 'Accounts', and 'Templates'. Below the navigation bar, there are tabs for 'Placed', 'Open', 'Archived', 'Expired', 'Errored', and 'All'. The main content area displays a list of orders with columns for 'Project', 'Dates', 'Project Information', and 'Actions'. A statistics section on the left shows 'Projects: 617', 'Placed Orders: 15', 'Open Orders: 271', 'Storage used: 3.5 GB', 'HP Ink used: 678.59 L', and 'Media used: 106.59 K m²'. A 'New Project' button is also visible.

2. Click on the “Customization” tab:

The screenshot shows the 'Customization' tab in the HP WallArt Solution settings. The 'Customization' tab is highlighted with a red box. The settings are organized into three columns. The first column contains 'User Name' (Younique), 'User Email' (younique@deco@gmail.com), 'Change password', 'Allow customers to choose language', and 'Default language' (English). The second column contains 'Company Name' (Younique), 'Web Site', 'Company Support Email' (younique@deco@gmail.com), and 'Commercial Email'. The third column contains 'Logo (JPEG or PNG less than 5MB only)', 'Embedded URL', 'Business Size' (Very Large (>= 60 employees)), and 'Business Type' (HP other).

3. Scroll down the page and make sure and click on the “Allow incoming jobs from iPad and android tablets”.

I agree to let me share my email address, physical address and phone number with people who are looking for print services, so that they can get in touch with me.
