New web page for HP Latex R-series training

Description

We are pleased to announce that we have published a **new web page** at Learn with HP to provide access to HP Latex R-series printer training resources.

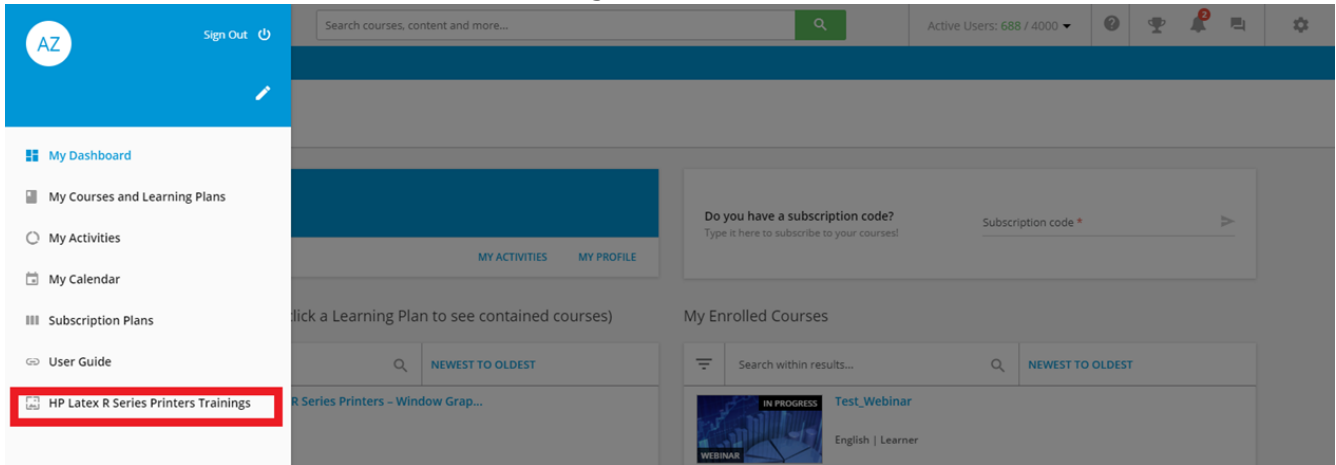

This is a new initiative to provide a single access point for all customer-oriented training related to HP Latex R-series printers.

It contains all the information and training necessary to operate the printer, and provides an unmissable opportunity to learn about different applications, color, white ink, all the basics, and much more.

1. Use Chrome to access Learn with HP: <https://learnwithhp.ext.hp.com>
2. Open the left-hand menu bar

The screenshot shows the 'Learn with HP' dashboard. At the top, there is a navigation bar with the HP logo, 'Learn with HP', a search bar, and 'Active Users: 688 / 4000'. Below this is a 'My Dashboard' section. It features a blue header with 'MY ACTIVITIES' and 'MY PROFILE' links. The main content area is divided into two columns. The left column, titled 'My Enrolled Learning Plans (click a Learning Plan to see contained courses)', shows a search bar and a list of plans. The first plan is 'HP Latex R Series Printers - Window Grap...' with a '9 courses' indicator. The right column, titled 'My Enrolled Courses', shows a search bar and a list of courses. The first course is 'Test_Webinar' with 'English | Learner' details. There is also a 'Do you have a subscription code?' section with a text input field and a search icon.

3. Click on “HP Latex R-Series Printer Trainings”

4. Take a look around!
