This newsletter explains the current accessories available to enable the dual roll feature in the HP Latex 2700 printers and how to adapt the accessory from HP Latex 1500 or HP Latex 3x00 and use it in HP Latex 2700 printers.

HP 126-in dual roll kit (4J0X0) content and compatibility

The HP 126-in dual roll kit (4J0X0) contains the following items:

- Two dual-roll 126-inch spindles
- Two center supports
- One shim kit

This kit is compatible with the HP Latex 1500, HP Latex 3x00, HP Stitch S1000 and HP Latex 2700, depending on how it is configured (information available in the HP 126-in dual roll kit user guide).

Dual roll compatibilities for Mid Volume printers

- **T0F91A** (HP Latex 1500 dual roll kit) → Compatible with HP Latex 1500 and HP Stitch S1000
- **4J0X0A** → Fully compatible with HP Latex 1500, HP Latex 3x00 and HP Stitch S1000 and HP Latex 2700
- **T0F91A + K4T88-67344** (dual roll shims kit SERV Kit) → Fully compatible with HP Latex 1500, HP Latex 3x00 and HP Stitch S1000 and HP Latex 2700

| | Description | When to order |
|--------------------|--|--|
| T0F91A | Dual roll kit compatible with HP Latex 1500, HP Latex 3x00 and HP Stitch S1000. | When buying a new HP Latex 1500 or S1000 until stock depleted. The part will be discontinued as new 4J0X0A is compatible with all platforms. |
| 4J0X0A | Dual roll kit for HP Latex2700. Includes same dual roll as in T0F91A + shims and screws for all the possible configurations. | Order when buying an HP Latex 2700 and if you don't have the T0F91A. |
| K4T88-67344 | Service kit with shims and screws to make T0F91A compatible with HP Latex 2700. | Order for free under the HP Latex 2700 warranty when upgrading the T0F91A from HP Latex 1500, 3x00 or S1000 to use it in the HP Latex 2700. |

Table 1: Dual roll compatibilities for MV printers

Configuration summary per printer model

NOTE: Complete instruction on how to correctly assemble the supports for each printer can be found in the HP 126-In Dual Roll Kit User Guide document.

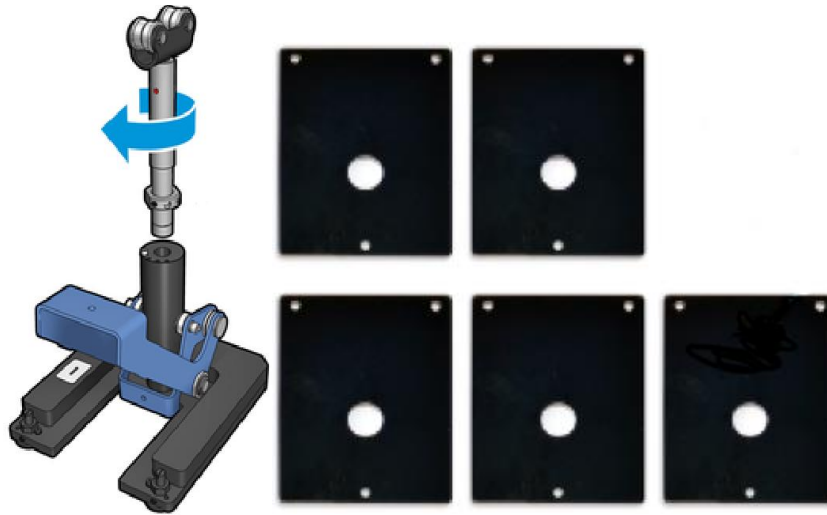

Figure 1: Shaft, support base and shims

| Component | HP Latex 2700 | HP Latex 3x00 | HP Latex 1500 HP Stitch S1000 |
|--------------|---------------|---------------|----------------------------------|
| Input shims | 1x | 2x | 1x |
| Input shaft | Short length | Long length | Long length |
| Output shims | 3x | 3x | 2x |
| Output shaft | Long length | Short Length | Short length |
